Dear PSHE Co ordinator,

Re: Junior Road Safety Officer (JRSO) Project

This project is aimed at giving the opportunity to two year 6 pupils or your class councillors to spread the road safety message to your school.

Your JRSO's will receive a special pack containing a comprehensive folder including a year planner with road safety tips to work on each month, stay safe facts, help on how to talk in assemblies and classes, even how to hold exciting competitions with prizes and certificates. They will also receive an annual goody pack

As a school guide your role will be to guide your JRSO's through their monthly road safety topics and campaigns.

In order to take part in this project please complete the form overleaf and fax it to 0871 911 6106. I will deliver your JRSO's their packs, along with information for their autumn term topics. If you would like to discuss this project further please contact me on the details above.

This resource helps to meet one of the council's key priorities of Clean Green and Safe and links into your School travel Plan to raise awareness of travel and road safety.

Yours sincerely

A handwritten signature in black ink that reads 'D Tomlinson'.
