

Contract for the provision of services in relation to the removal, storage and disposal of nuisance vehicles

The London Borough of Barnet invites expression of interest from suitably qualified and experienced contractors who wish to be considered for selection to tender for the removal, storage and disposal of nuisance vehicles within the Boroughs.

This will include:

Removal of vehicles from the public estate; storage of vehicles within a suitably equipped compound; disposal of vehicles in line with current legislation; Preparation and transfer of vehicles to auction; clamping of vehicles on the public highway; vehicle towing-away services and destruction of vehicles.

As part of this contract the London Boroughs of Enfield and Waltham Forest will be included in the initial tender exercise. Each council will commission the removal, storage and disposal of nuisance vehicles from the contractor.

Applications will be required to complete a Pre-Qualification Questionnaire (PQQ) giving details of the organisations profile including financial information. This will be used in the evaluation process from which an invitation to tender list will be produced.

A performance bond and/or a parent company guarantee may be required before a contract is awarded.

The proposed commencement for the contract will be 1 July 2010 for three years with a possible one year extension.

Expressions of interest must be made in writing, – clearly quoting the contract name and contract reference – 50255
OJEU Reference: 2010/S26-037429
