Notice is hereby given that the council is proposing to grant a licence to Middlesex University to temporarily fence off part of the land at The Grove to create approximately 30-40 boreholes of 125-50mm diameter to install coils with associated trenching to link the coils, in connection with their sustainability strategy for their new building on the former Hatchcroft site. Before making any further decision on the proposal, the council will consider any written representations received. All written representations, which should be addressed to the Head of Property Services, at the North London Business Park address set out below, which must arrive not later than 23 August 2007.
