Dear Colleague

Re: 'Safer Moves' – Road Safety Training Course for Year 4

Barnet Council is promoting its Road Safety Training Course called 'Safer Moves'. This course is aimed at Year 4 and gives children practical experience of the road environment in a safe and controlled manner.

The Safer Moves course consists of five lessons and has been designed to run over a week or a period of five weeks (one lesson per week). Lessons 1 - 4 are made up of two parts; an outdoor practical session and an indoor classroom based session, with the final lesson being a one hour indoor plenary lesson.

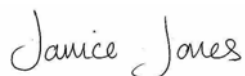

The structured lessons help to develop the pupils understanding and skills required to make them a safer pedestrian. A member of the road safety team will attend and lead the outdoor practical part of lesson 1 only and all of lesson 5. The class teacher will lead the indoor part of lesson one and all parts of lessons 2-4.

Please note that for all outdoor practical parts of the course, you will need to have one adult for every 5 pupils. The indoor classroom activity, which follows the outdoor part, does not require any helpers. Lesson plans, teacher notes and pupil workbooks will be provided. Before starting the course, you will be briefed by a member of the road safety team on all aspects of the lessons including safety issues.

The course has been designed to be as flexible as possible to accommodate your own school/class requirements. For example, you may wish to have one session per week for 5 weeks, or have all five sessions in one week.

If you would like to take part in this project, please contact Teresa Negus on 07949 121098. I must reiterate that bookings will be allocated on first come first served basis.

Yours sincerely

Janice Jones
Road Safety Officer
