Foreword

Barnet has a diverse range of primary schools that provide an excellent education. Children make excellent progress in acquiring the skills they will need in the future and achieve some of the best test results in the country. Barnet's primary schools also offer children a wide range of other activities in sport, music or drama to ensure they receive a broad and rich education.

Starting school is an exciting time for both parents and children. It is also a critically important step in the lives of our children and this booklet is designed to give parents all the information they need about primary schools in Barnet and the admissions process.

While the booklet will be of particular interest to those parents whose children are due to start in the reception year of a primary school in the year beginning September 2023, it also contains useful information for older children who may have moved into the area or who wish to change school for other reasons.

The admissions system is co-ordinated across the whole of the London area and operated by all 33 London boroughs. This booklet gives details of how to apply to maintained (non-fee-paying) schools for a place in 2023/24 and the admissions criteria for each school.

Many schools also have open days when parents can visit the school to see the work that is being done by both staff and pupils. Please contact any school you are interested in to see if they have a day arranged.

I hope you find this booklet helpful and I wish your child every success in their education in Barnet.

and Safeguarding Committee

Welcome!

If your child was born between 1 September 2018 and 31 August 2019, you will need to apply for a Reception class place for the school year beginning September 2023.

About this booklet

This booklet will help you understand the admissions process when your child starts school in a Reception class.

In this booklet we explain:

- how to choose a school
- how to fill in the online form
- how school places are allocated
- what happens if we cannot offer your child a place at a school you have chosen.

In this booklet you will also find:

- the Reception timetable
- descriptions of all the primary schools in Barnet.

There is also information about:

- nursery admissions
- admission outside the normal year group
- in-year admissions
- transfer to junior school
- fair access protocol
- school meals
- help with travel costs
- school uniform.

When does my child start school?

- children start school in the September of the school year in which they will become five years of age
- this means most children are four years old when they start school
- children reach statutory school age at the beginning of the term following their fifth birthday. Statutory school age means the age when a parent is legally required to make sure that their child is receiving suitable full-time education.
- if your child has an Education, Health and Care (EHC) Plan, the arrangements for your child's admission to school will be different and these will be explained to you by the SEN Team. The EHC Plan replaces the Statement of Special Educational Needs. For more information contact **SENadmin@barnet.gov.uk**

Deferred Entry

- if you feel that your child is not ready to start school in the September following their fourth birthday, you can either arrange for them to attend part-time or defer their start in Reception class until later in the school year
- however, a Reception class place must be taken up by the start of the summer term
- if entry is deferred until after the start of the summer term, you will need to reapply for a school place for the next academic year
- if entry is deferred until the following September your child may be admitted directly to Year 1 (unless a request to be admitted outside of their normal age group has been agreed - see page 104)

If you want to defer your child's start in a Reception Class 2023, you will need to discuss this with the headteacher.

Infant class sizes

The law states that children must not be taught in classes of more than 30 pupils with a single teacher in Reception, Year 1 or Year 2. Please look at the individual school pages to see how many places each school has available. This legislation will be taken into account when appeals are heard.

Co-ordinated admissions

All London boroughs work together on the Reception class admissions process and this is known as the Pan-London co-ordinated admissions scheme.

How the scheme works

- you can apply for up to six schools
- the application is submitted to the local authority where you live
- you can apply for schools within or outside Barnet
- a computer system is used to exchange information about Barnet residents applying for schools outside the borough, and other boroughs can tell us about their residents wishing to apply to Barnet schools
- if a school is oversubscribed, its published admissions criteria is used to decide who should be offered a place
- the scheme makes sure that no child is offered more than one school place
- you will get the result of your application in the evening of **17 April 2023**.

Mythbusters

Answers to those playground myths:

Myth: **My child is in the nursery so they will automatically go into the Reception class**

Fact: Everyone must apply for a Reception place even their child already attends the nursery. Schools are not permitted to give priority for Reception places to children in the nursery class so there is no guarantee that they will get a place.

Myth: **My child has a right to a place at one of my choices**

Fact: The schools listed on your application are preferences. We will offer your child the highest preference possible but if your child does not qualify for a place at any of your preferred schools, we will allocate a place at the nearest school with a vacancy.

Myth: **It does not matter if my application is late**

Fact: Applications submitted after 15 January will not be processed until after all those submitted on time and it is very unlikely that your child will be offered one of your preferred schools.

Myth: **Listing one school will give me a better chance of getting that school**

Fact: If you list only one school and your child does not qualify for a place under the school's admissions criteria, we will offer a place at the nearest school with a vacancy.

Myth: **I can only apply for Barnet schools**

Fact: You can apply for both Barnet and out of borough schools by listing them on the Barnet application form.

Myth: **Children in my road go to the school so my child will too**

Fact: The number of children offered under each criterion at each school can change every year so just because you know children living near you go to a certain school, this does not mean that your child will be offered a place there.

Myth: **If I apply to a school in another borough, their residents will have priority over my child**

Fact: An admissions authority cannot give priority to its own residents and published admissions criteria cannot include the borough of residence.

Myth: **I have another child already at the school so my other child will automatically get a place**

Fact: Everyone must apply for a school place even if there is another child in the family attending the school. Many schools give priority to siblings but this does not guarantee a place if there are other children who qualify under a higher criterion.

Myth: **I live nearer to the school that the last child offered under the distance criterion last year so my child is guaranteed a place**

Fact: Although the information in the allocation table on page 47/48 can give you an idea of how likely it is that your child will be offered a place at your preferred school, the furthest distance offered will change every year. We cannot guarantee that any child will be offered a place at any school.

If you have used the eAdmissions system in the last 3 years to apply for a school place for any of your children you do not need to register again. Instead please go to Step 3.

- If you used the eAdmissions website over 3 years ago you will need to register to apply online.
- If this is the first time you are using the eAdmissions website you must register to apply online.
- You will need an email address to register.
- If you already have an email address you should set your spam/junk mail filter to 'Standard' so that emails from eAdmissions go straight to your inbox.
You should check your spam/junk email folder now and then to make sure that messages from the eAdmissions website are not sent there by mistake.

- Register yourself on the eAdmissions website.
- Your username will be displayed on screen, make a note of it.
- You will then be asked to create your own **password**.
- Login to the eAdmissions website using the username and password that you have just created.
- You will be sent a validation email containing your **username** and instructions on how to validate your email address.
- The email will also contain a link which will take you to the eAdmissions login page to start your application.
- Please keep your username and password safe as you will need them to login and apply for any other children you have, and to see the outcome of your application. (It will be March for Secondary & 14/19 applications and April for Reception and Junior applications)
- You can opt to receive push notifications during the admissions process from an android phone or if you have an Apple device you can sign up to get notifications by downloading the 'ParentComms' mobile App.

- If you have forgotten your password we can reset it and send it to you, just select the 'Forgotten your user name or password?' link.
- There is a video that you can watch, look out for the  icon

Step 4: Adding your child's details

- The next page is your home page called 'Your home page' Click 'Start application' button.
- Enter the details requested about the child you are making the application for on the 'Child details' page and select the 'Save and continue' button.
- **Please remember Council tax account number:** Some local authorities will ask you to provide this information for the address where your child lives.

For more information use the  icon.

- **Child's current school:** Please select the school from the drop down list. Only type the name of the school in the box if your child is at a nursery school or you cannot see the current school name listed.
- **Twins or triplets:** If you have twins or triplets you must make an application for each child and tick the multiple birth box.

Step 5: Adding school preferences

- Add your preferences in the order you prefer them. **You can select up to six schools** (if you live in Surrey you can only select four preferences for Reception. Preferences for junior applications will vary, so please check with your Local Authority).
- Make sure you include the details of any brothers or sisters who will be attending one of the schools or linked schools you have applied for. If you do not tell us you may lose out on a place allocated under the sibling criterion.
- Please be aware that not all schools have a medical or social criterion, please check before selecting your schools.
- If the schools you have selected allow medical or social criteria and you would like your child to be considered under this criterion you must tick the relevant box and attach supporting evidence. You can attach documents once you have submitted your application.

Important information

- **If you do not provide the evidence to support your application, your request cannot be considered under that criterion.**
- Some schools ask you to fill in extra forms called supplementary information forms (SIF). If you do not fill in these forms and/or send them direct to the relevant school, you risk your chance of getting a place at these schools.
- It is your responsibility to check that your online application is fully completed and that you have entered all details correctly. If you do not tick certain boxes or enter relevant information (for example sibling box) your application will not be considered under that criterion.
- Each time you fill in the information on a page, make sure that you select 'Continue'. Select  to add further schools to your application. When you have finished adding schools to your application then .

Step 6: Submitting your application

- Select the 'Submit application' button on the last page.
- After you have submitted your application you will receive an email confirming details of your online application. The email will list an application reference number similar to this: 123-2023-09-E-123456.
- If you do not receive a number it means your application was not submitted successfully and you must login and select the 'Submit application' button again.
- **Editing/changing your application**
- You can edit and make changes to your online application until the closing date, but for your most recent changes to be recorded you will need to  your application.
- Always keep your details and your child's details up to date on the website. You can do this on 'Your home page'.

Step 7: Attaching supporting evidence

Many local authorities need you to send them evidence to support your application. You can find out what each local authority needs by reading their information booklet about applying for school places or the  **Local Authority Details** section, for example:

- Confirmation of your child's address and their date of birth.
- Evidence to support your application such as doctor's letters if you have applied under the medical criterion.
- Evidence to confirm your child was looked after or previously looked after.
- Evidence to confirm that you are a crown servant.

If you have ticked any of the categories above and do not provide evidence to show this, your local authority is unlikely to take this into account when making allocations.

What happens next?

If you submitted your application by the closing date you will be sent the outcome of your application during the evening of the published national offer day.

- You should respond within 14 days. There are 2 ways to do this:
 1. Use the reply button in the email that you will receive during the evening. It will take you to the eAdmissions website, log in and respond.
 2. Return to eadmissions.org.uk, log in and select view outcome and respond.
- Some local authorities do not send letters if you have applied online. Check your local authority's details on the left hand side of the 'My school admissions' page.

Receipt details: Use the space below to record your application reference number, you may need to refer to this at a later date.

Application Reference Number:

The following guidance will help you to complete your application

Your child's address

The home address provided on your application form must be the child's permanent place of residence on **15 January 2023** and will be that where an adult or adults with parental responsibility for the child live.

We will not accept a temporary address if you still possess a property that was previously used as a home address; nor will we accept a temporary address that is used solely or mainly to obtain a school place.

If you own a property, which is, or previously has been, used as a home address and you state that you are living at, and apply from a different address, we will consider the second address to be temporary. Therefore, we will use the address of the first property as the valid address for school admissions purposes.

If you move out of your home into temporary accommodation whilst it is being renovated, the home address will still be considered to be the child's permanent address. If you are renovating a property prior to moving in, we will not accept the new address until you have moved..

If you own or rent a property, and you buy or rent another property or live with family or friends temporarily, and state that this is your and your child's home address, we will not use the second address for school admissions purposes.

All school admission applications for school places are subject to address checks to ensure school places are allocated fairly and in accordance with published admission arrangements. These checks may be made using council systems, agencies, fraud departments, other education settings, or other resources available to us. Applicants may also be asked to provide additional evidence to support their application.

In most cases, it is the home local authority to determine if, on the balance of probability, the address given on an application is a child's normal place of residence, or is considered to be an address of convenience. Some examples of circumstances which may fall under this definition are as follows:

- using the address of a relative, friend, childminder or business
- using the address of a parent with whom the child spends the minority of the week

- use of a rented or second owned property address on a temporary basis which gains advantage in the admissions process whilst still continuing to own or rent an alternative property

- use of a local address whilst the child lives overseas

In making a decision, the following factors will be taken into account alongside any evidence seen during the address checking process:

- the preference schools and if they are oversubscribed
- if the address being used gains an advantage in the admissions process
- the distance of the properties to the preference schools
- the length of time the arrangement has been in place
- current education providers and services working with the family
- any state benefits in payment

If an address of convenience is found to have been used, the local authority will determine the address to be used based on the evidence found in their investigations.

If a fraudulent address or address of convenience is found to have been used after the allocation of places, any offer made will also be withdrawn, and this may be the case even if the child has started the school.

We may also carry out additional checks with the new school to see whether the child's home address has changed since the application and will investigate applications where:

- there are any doubts about the information originally provided
- information has been received from a member of the public to suggest that misleading information has been provided and a fraudulent application made
- the Council Tax is in a different name than the applicant's.

Children living at two addresses

If parents live separately, the application should be made by the parent the child normally lives with from the address which s/he attends primary school.

Where a child lives with parents with shared parental responsibility, each for part of a week, the address where the child lives is determined using a joint declaration from the parents stating the pattern of residence.

If a child's residence is split equally between both parents, then parents will be asked to determine which residential address should be used for the purpose of admission to school and a copy of any custody or residency order submitted with the application.

If no joint declaration is received and the residence is split equally, the home address will be determined to be the address where the child is registered with the doctor. However, all evidence will be taken into account. If the residence is not split equally between both parents then the address used will be the address where the child spends the majority of the school week.

Custody issues cannot be resolved by the local authority. If parents are going through a separation or divorce and do not live together but share parental responsibility, the local authority will disclose details of a child's application if one of the parents requests this information.

The final decision about which address is to be used for admission purposes will normally be made by the Admissions Team.

Applications from overseas

Applicants living overseas may only submit an application to Barnet if they have a linked address in the borough and documentary evidence can be supplied to show they will return to the address prior to the September in the year of entry; this address must not be an address of convenience.

If parents/carers wish to discuss their circumstances prior to making their application, they should contact the Admissions Team.

Children of UK service personnel

Families of UK Armed Forces personnel with a confirmed posting or Crown servants returning from overseas to live in Barnet can apply for a school place ahead of a move. However, the application must be accompanied by an official letter that declares the relocation date and some evidence of the child's intended address.

Change of address

We can only accept a change of address after you have moved. We will not use an intended future address (this includes where renovations are taking place prior to a move).

If you change address, please notify us immediately and provide the evidence required (see Proof of address below). If you do not tell us about a move, or an intended move that has failed to take place, we may withdraw any school place that has been offered.

A change of address will only be taken into account if it takes place before **10 February 2023**. If we receive the required evidence before **10 February 2023** we will be able to use the new address to measure your home to school distance. If this information is received after **10 February**, we will not be able to update your address until after **17 April 2023**.

Proof of address*

In order for us to verify your address, please provide your Council Tax reference number on your application (you can find this on your council tax bill).

You will also need to attach a scanned copy of one of the following documents to your application (or at least two documents if you cannot provide your council tax reference number):

- tax credit documentation
- a recent bank statement showing Child Benefit payments
- a recent (within 3 months of 15 January 2023) utility bill
- your most recent rent, mortgage statement or tenancy agreement.

If your address has changed in the last two years, we may ask you for further proof that your current address is your permanent home address. **If you move address after 15 January 2023** the type of additional evidence you will need to provide will vary depending on your circumstances.

If you have sold one property and purchased another, we will need to see all of the following:

- evidence of completion on the property sold
- evidence of completion on the property purchased
- closing utility account for the property sold
- the Council Tax reference number for the property purchased
- a utility bill for the property purchased.

If you have moved from one rented property to another, we will need to see all of the following:

- copy of termination of tenancy agreement on the previous property
- closing utility account for the previous property
- copy of tenancy agreement on the current property
- proof of payment of rent to the landlord on a regular basis
- the Council Tax reference number for the current property
- two utility bills for the current property
- if you are not liable for Council Tax or utilities you will need to provide official evidence that you are resident at that address (for example, driving license, child's medical card or child benefit letter).

If this information cannot be provided, we won't be able to accept the new address and will continue to use the original address provided.

Fraudulent applications

It is important that the admissions system is fair for everybody. Nobody should be allowed to cheat by using a friend or relative's address or by temporarily renting a property near to a popular school. Each year a small number of parents try to get a school place by providing false information, which could result in them taking a place that should have gone to another child.

Please realise that:

Providing false information to secure a school place is a criminal offence. Any applications suspected of being fraudulent will be referred to London Borough of Barnet's Corporate Anti-Fraud Team (CAFT) for investigation. If your application is proven to be fraudulent you may be prosecuted in addition to the school place being withdrawn.

All information submitted to Barnet Council can be used in proactive data matching exercises to assist in the prevention and detection of fraud.

If you know someone who intends to use, or has used, a false address to obtain a school place, you can report this confidentially to CAFT:

Fraud hotline: **020 8359 2007**

Email: **CAFT@barnet.gov.uk**

Online: **www.barnet.gov.uk/anti-fraud**

School preferences

Please remember that:

- you may list up to six schools in the order you prefer them with your most preferred school as number one
- the preference order is very important, think carefully about this as only one offer can be made
- you can include schools within or outside Barnet
- you should check the admissions criteria for each of your preferred schools to make sure your child meets these
- all applications are processed as though they were equally preferred
- your ranking does not affect your child's eligibility for a place at any school
- although there is no guarantee of an offer from any school, it is a good idea to list the community school in the priority area where you live, a map of each school's priority area can be viewed at **www.barnet.gov.uk/primary-school-admissions**

Changing your preferences

Please note if you want to make changes to your list of schools:

- you can change the preferences at any time up until 15 January 2023 on your Home Page
- you cannot change your preferences after 15 January 2023 unless there are exceptional circumstances, such a change of permanent address, and you let us know and provide the relevant evidence before 10 February 2023.

'Looked after' children and previously 'looked after' children

'Looked after' children and previously 'looked after' children are given the highest priority for a school place and are defined as:

- children in the care of a local authority, i.e. fostered or living in a children's home
- children who have left care through adoption, a child arrangements order or a special guardianship including those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.

Important – please see Keywords on page 103 for definitions of 'looked after' children and previously 'looked after' children. If you are a foster carer looking after a child in care, you must provide a letter from the child's social worker confirming the child's status as a 'looked after' child.

If you have adopted a child you must provide the Certificate of Adoption as well as evidence that the child was 'looked after' before the adoption.

Children with special educational needs

Your preferred school will be consulted separately about its ability to meet your child's particular needs. Following the consultation, the finalised Education, Health and Care Plan will name the school that your child will be expected to attend.

Please visit www.barnetlocaloffer.org.uk for further information.

Exceptional circumstances

All schools have experience in dealing with children with additional needs. However, in a few exceptional cases, there may be a reason why a child needs to attend a specific school.

If you feel there is an exceptional medical or social reason why your child should be considered for a priority place at a particular school, it may be taken into account. Check the oversubscription criteria for the school to see if there is a medical/social category. If there is, you can attach evidence to support your application.

If you are applying for a place at a community primary school on exceptional grounds:

- you must complete the Barnet Exceptional Medical/Social Circumstances form you can download the form from www.barnet.gov.uk/schooladmissions the form must be attached to your application with your supporting evidence by **15 January 2023**
- any submission made after the initial application will only be considered if the circumstances have changed
- your evidence must include a current letter from a doctor, social worker or other appropriate professional, which must name the school and specify the reasons why it is necessary for your child to attend the particular school

- the supporting letter must also make it clear what difficulties would be faced if your child attends an alternative school
- the Admissions Team is not responsible for chasing you for the medical evidence or for contacting professionals for information about your case
- Evidence relating to the medical or social circumstances of the parent can be considered, but only if this impacts on the child and their need to attend a specific school
- please note that the following reasons are unlikely to be considered grounds for exceptional medical/social circumstances:
 - speech & language delay
 - awaiting an EHCP
 - asthma, diabetes, eczema or allergies
 - car/travel sickness
 - the need for a child to stay in friendship groups
 - family attending the same school
 - attends the nursery
 - child care arrangements
 - short term mobility issues

If you feel that one of these examples should be considered, you will need to demonstrate how this has a significant impact on your child and why only the particular school can meet your child's exceptional need.

- all decisions will be made by the admission authority for the school.

Late applications

Applications received after 15 January will be treated as late. Late applications will not be considered until we have allocated school places for the applications that were received on time. This means that late applicants are unlikely to be offered one of their preferred schools.

If there exceptional reasons why your application is late; for example serious illness of a close relative, or you moved to the area after the closing date, you must submit a 'Reason for Late Application Form' at www.barnet.gov.uk/schooladmissions by **11 February 2023** at the latest.

The deadline for receipt of applications to be considered for the second round is **2 May 2023**.

Data protection and sharing information

We need to collect and share information in order to deliver our services effectively. We take our responsibility to protect your data seriously and we will use it in accordance with the legal requirements of the Data Protection Act 2018 and The General Data Protection Regulation (GDPR). For the purpose of processing your application for a school place we may share information you provide to deal with your requests, administer departmental functions and meet our statutory obligations; this may include sharing your information with schools, other local authorities, children's services and London Grid for Learning (LGfL) an organisation that process data on our behalf.

If you want to know more about how your information is used visit www.barnet.gov.uk/privacy

How places will be allocated

When all the on-time applications have been submitted, the allocation process will begin:

- we will let other local authorities know about any preferences you have made for schools in their area
- we will also let any voluntary aided schools, foundation schools, free schools and academies in Barnet have details about your child if you have included any of these schools in your list of preferences
- the order in which you have ranked your school preferences will not be passed on to individual schools
- all your preferences will be processed by applying each school's oversubscription criteria to decide which children should be offered places
- the common criteria for Barnet community primary schools is shown on page 21
- the oversubscription criteria for our voluntary aided schools, foundation schools, free schools and academies are shown on the individual school pages.

When all the applications have been considered:

- ranked lists will be drawn up for all schools
- we will co-ordinate all the offers and exchange information with other local authorities
- if your child can be offered more than one school, we will offer the school you have ranked the highest
- lower preferences are automatically withdrawn at this stage
- all withdrawn preferences will be offered on to other children
- no child will be offered more than one place
- if we are unable to offer a place at any of the schools you have chosen we will, if possible, allocate your child a place at an alternative school.

Withdrawal of offers

Places offered at oversubscribed schools will be withdrawn if:

- the offer was made in error
- the offer was made on the basis of fraudulent or intentionally misleading information
- the offer was made on the basis of information that cannot be verified to the satisfaction of the Admissions Team or later proves to be inaccurate
- the applicant has not responded within a reasonable period of time.

If your child's place is withdrawn you have the right of appeal against this decision.

National Offer Day – 17 April 2023

- you will receive an email with the outcome of your application during the evening of **17 April 2023**
- if you have registered for text messaging you will also get a message to inform you that the outcome of your application is available to view online
- you should wait until you receive your email and click on the 'Reply' button at the bottom of the email to log into your account and accept or decline your offer
- if you forget your login details you need to go the login page and select 'Forgotten your username or password'
- all applicants who are not offered a place at their first preference school will be informed what happens next

- Please accept the school place you have been offered by **2 May 2023**; log into your eadmissions account, go to your Home Page and select 'View outcome and respond'
- please remember to 'submit' your response otherwise we will not receive it.

If you are not accepting the offer you must tell us why, for example if:

- your child has been offered a place at an independent school
- you are moving out of the area.

Please select the appropriate option on the response page. It is important that you inform us so that we can offer the place to another child.

What happens if you have not been offered your preferred school?

Waiting lists

- if your child does not get a place at any of your preferred Barnet schools, they will automatically remain on the school's waiting list
- your child will remain on the waiting list for any Barnet school listed higher on the application form than the school we have offered unless you tell us otherwise
- all lower preferences will have been withdrawn so if you want to ask for your child's name to be added to the waiting list for a lower ranked school to the one your child has been offered, you will need to complete and submit the online 'Change of school Preference Form' (URL: <https://www.barnet.gov.uk/schools-and-education/school-admissions/apply-primary-school/starting-reception-september-2022>). You will also need to re-rank the order of your preferences.
- we can also add your child's name to the waiting list for a school that you did not list on your application form
- waiting lists are ordered in accordance with the admissions criteria
- time spent on a waiting list is not taken into account and it is possible that your child's waiting list position will go down as well as up.

Please note: waiting lists for Barnet primary schools are closed at the end of each academic year so you will need to submit a new application if you want your child to be placed back on a waiting list. Please apply for an In-Year place at www.barnet.gov.uk/schooladmissions.

Appeals

If your child is not offered a place at any of the schools ranked higher on the application form than the one you have been offered, you have the right of appeal:

- appeals are heard by an independent panel and normally take place in July
- decisions made by the appeals panel are binding on the admission authority for the school.

Will my appeal be successful?

- almost all Reception class appeals are unsuccessful
- this is because it is against the law for children to be taught in infant classes of more than 30 unless there is more than one teacher present
- the grounds on which an appeal can be upheld are very limited.

Appeal panels are only able to allow appeals for infant classes where they are satisfied that either:

- the local authority or the school has made a mistake when applying the school's admission arrangements, or
- the decision not to offer a place was unreasonable in the circumstances of the case.

Understandably many parents think that the decision not to offer their child a place was unreasonable and will present a case to support this argument.

However, the legal definition of an 'unreasonable decision' is a 'decision which was beyond the range of responses open to a reasonable decision maker' or a 'decision which is so outrageous in its defiance of logic or of accepted moral standards that no sensible person who applied their mind to the question could have arrived at it'.

If you understand the above but still wish to go ahead:

- for Barnet community schools you can submit an appeal online at www.barnet.gov.uk/schooladmissions
- for voluntary aided schools, foundation schools, free schools and academies you will need to contact the school/academy directly for further information
- you can only have one appeal for each school in the same academic year unless there are significant changes in your circumstances
- further information about the appeals procedure will be included with your notification on **17 April 2023**
- the deadline for lodging appeals for community schools is **22 May 2023**.

After 17 April 2023

Offers

- some parents may decide not to accept the school place offered to their child
- when a place becomes available it will be offered to the next child on the waiting list
- a second round of offers will be made between **15 and 19 May 2023**
- if it is still not possible to offer your child a place at one of your preferred schools and you do not wish to accept a place at the school that has been allocated, you will become responsible for arranging suitable education for your child.

Barnet Schools

Barnet has 90 primary schools and 3 all-through schools

Community schools (39)

Community schools are owned and funded by Barnet Council. The admissions criteria are set and applied by the local authority.

Foundation schools (2)

Foundation schools are owned by the governing bodies of the schools but funded by Barnet Council. The school governors set and apply their own admissions criteria.

Voluntary aided schools (33)

Voluntary aided schools are owned by religious or voluntary bodies but funded by Barnet Council. The school governors set and apply their own admissions criteria.

Academies (11)

Academies are independent schools but no fees are charged and they are funded by the government. The governors set and apply their own admissions criteria.

Free schools (5)

Free schools are set up in response to what local people say they want and need in order to improve education for children in their community.

No fees are charged and they are funded by the government. The governors set and apply their own admission arrangements.

All-through schools (3)

All-through schools comprise both primary and secondary education phases where children are educated from age 3 or 4 right through to age 18. Barnet has one all-through voluntary aided school and two all-through academies.

Please note

Although the information relating to Barnet schools was correct at 31 August 2022, it should not be assumed that there will be no change before the start of, or during, the school year 2022/23 or for subsequent school years.

Admission criteria for community primary schools in Barnet

If there are more applications than the number of places available, places will be offered according to the following order of priority:

1. 'Looked after' children and children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been 'looked after' including those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted. (see Note 1)
2. Children whom the Director of Education and Skills accepts have an exceptional medical, social or other need that the school is particularly able to meet (see Note 2)
3. Children who, at the time of admission, have a sibling (brother or sister) living at the same address who already attends the school, or the linked school in the case of separate infant and junior schools. Siblings would include half, step, adoptive and foster siblings provided they also live at the same address as the applicant.
4. Children of teaching staff of the school where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made and will be in employment as a teacher at the school when the child starts school
5. Children living within the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line (see Note 3)
6. Children living outside the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line (see Note 3)

Note 1 - A 'looked after' child is a child in the care of a local authority or provided with accommodation by that authority in accordance with Section 22 of the Children Act 1989. An adopted child is defined by section 46 of the Adoption and Children Act 2002. A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation, or any other provider of care whose sole or main purpose is to benefit society. This includes children who were adopted under the Adoption Act 1976 (see Section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (Section 46 adoption orders).

Child arrangements orders are defined in Section 8 of the Children Act 1989, as amended by Section 12 of the Children and Families Act 2014. A special guardianship order is defined by section 14A of the Children Act 1989

Note 2 - Applications made under this criterion must be supported by a current letter from a doctor, social worker or other appropriate professional. The letter must name the school and specify the reasons why the particular school is most suitable for the child and the difficulties that would be faced if the child attends an alternative school.

Note 3 - A map showing a school's defined area may be viewed online at www.barnet.gov.uk/admissions. Distance is measured in a straight line between the address point for the child's home, supplied by Ordnance Survey, to the school's main gate (unless specified otherwise) using the Council's computerised geographical information system

Tie Breaker - distance will be used as a tie-breaker within each category.

Final Tie Breaker - applicants from the same block of flats, or applicants who live the same distance from the school, will be selected in random order using Barnet's computerised system and places will be offered accordingly.

Applications made on behalf of twins or triplets - if only one place is available at the school and the next child who qualifies for a place is one of multiple birth siblings, we will ask community schools to go over their published admission number to support the family. These children will be deemed as 'excepted' pupils under infant class size legislation.

A summary of the admission criteria for each of Barnet's voluntary aided schools, foundation schools and academies can be found on the individual school pages.

Community schools

A map of each community school's priority area can be viewed at the school, or at www.barnet.gov.uk/schools-and-education

Living in a priority area does not guarantee a school place. We use the Synergy Admissions and Transfers system to calculate the distance from your child's home (the start point) to the school (the end point).

The system calculates the distance in miles to three decimal places. The routing database uses two dimensional maps. This means it does not take into account any contours or terrains.

The start point (applicant's home)

For calculation purposes, the local authority uses the AddressBase database supplied by Ordnance Survey to determine the start point from the applicant's address. This provides a national grid co-ordinate and a unique property reference number (UPRN) for each property in Great Britain.

The grid reference is provided to a resolution of 1 metre (100cm). Calculations are based on the assumption that the child's home address is classified at the point of application as a residential address.

If you live in a block of flats where you use a communal entrance, the local authority will use the UPRN for the block and not the centroid of your individual flat for the distance calculation.

The end point (school)

Unless otherwise stated, the main gate to the school is used as the end point for calculation purposes.

Please note that you cannot compare distances produced on the local authority's Synergy system to those calculated using any online geographical information system software you may have access to, such as satellite navigation systems or Google maps.

At Foulds we create an environment that challenges our children to be resilient risk takers who are well rounded, independent and reflective. We want our children to leave Foulds principled and part of a community.

We offer a broad and balanced curriculum that both engages and excites the children. Lessons are active and the children learn from each other, sharing their experiences and thoughts from the moment they start in Reception. At Foulds children learn to actively listen and care for one another.

As a team, they work through lessons that intentionally challenge them to continue to think and learn new skills, as well as apply the skills they have already learnt in a new situation. As a school we offer a wide range of extracurricular activities from sports, to choir, to Lego club, ensuring our children have as many opportunities as possible to be well rounded individuals.

By the time the children leave us, we want them to love the process of learning and always continue to strive to become the best possible version of themselves.

About our school

Akiva is a Progressive Jewish primary school. We are an inclusive and egalitarian learning community, teaching our children to be happy, confident and knowledgeable citizens, with a love of Israel and all aspects of their Judaism. Akiva children will understand and respect themselves, others and the world.

We recognise that successful learning is an active partnership between children, their parents and teachers. We work together within a secure, nurturing and stimulating environment to understand and realise each child's full potential and prepare them to meet the challenges of a changing world.

Oversubscription criteria (summary)

If there are more applications than places available in any school year, the Governing Body of Akiva School acting by its Admissions Committee will allocate places using the following order of priority:

1. children who are "looked after" by a local authority
2. siblings
3. children of members of staff employed by the school to work at the school who either:
 - a. are or were within two years before the date of application recruited to fill a vacant post for which there is a demonstrable skill shortage, or
 - b. have been employed by the school for a continuous period of at least two years and who in the two years immediately before the date of application have worked for no less than 0.4 full time equivalent
4. priority applicants who can show Shabbat attendance on 15 separate Shabbatot in the six months between 1st May 2022 and 31st October 2022 at any Reform or Liberal synagogue or New North London Synagogue.

5. Applicants who can show such attendance (as outlined in point 4) on at least 7 separate Shabbatot or the child's continuous attendance for at least two terms ending on 31st December 2022 at a nursery run by or under the auspices of any Reform or Liberal synagogue or New North London Synagogue.

6. all other applicants.

Where there are more applicants within any category than places, places will be allocated to children who live closest to the Sternberg Centre site, East End Road entrance, measured in a straight line from the front door of the child's permanent home address as notified to the school before the date of allocation of places by the Admissions Committee, using the London Borough of Barnet's computerised measuring system (the Distance Tie-Break.);

Where a child regularly lives with one parent for part of a week and with the other parent for the rest of the week, the permanent address for Distance Tie-Break purposes will be the address at which the child lives for the greater part of the school week

Where the Distance Tie-Break does not produce a clear outcome (i.e. two children live precisely the same distance from the school), the place will be determined by random allocation supervised by a person independent of the school.

Where the operation of the oversubscription criteria and the Distance Tie-Break would not lead to all multiple birth siblings being offered a place all those sibling(s) will nevertheless be offered a place

About our school

We are a one-form entry Church of England Primary School, founded to provide a broad and balanced education for the families from a wide variety of faiths, cultures and beliefs in our local community. We seek to offer an education underpinned by Christian values that provides our children with the opportunity to be the best they can be today, and be prepared for tomorrow. We are proud of our multicultural school and celebrate the rich diversity that is brought together by a shared goal of providing the best education we can for the children in our care.

'The children give many examples of how learning about their own faith and the faiths of others has deepened their knowledge and understanding of each other. The impact being that they know how this relates to the school's Christian values, themselves and their peers and this encapsulates the school's motto, 'Learning with Faith'.' SIAMS 2017

'Spiritual, moral, social and cultural development is promoted well. Pupils develop a good knowledge of British and Christian values through their work in class, assemblies and the broader curriculum. As a result, pupils are polite and respectful and keen to be helpful. Pupils' good behaviour and positive outcomes prepare them well for the next stage of education and later life.' OFSTED Good 2019

Working in partnership with each student, their families and carers, we pledge to help them grow into happy, confident, and independent young people, whose enquiring minds will flourish in the world, seek after the truth, and serve others.

Oversubscription criteria (summary)

contact school for full criteria

If there are more applications than the number of places available, places will be offered according to the following order of priority:

- a. Looked after and formerly looked after children including internationally adopted previously looked after children.
- b. Children whom the Board of Governors accepts have an exceptional medical or social need which the school is particularly able to meet. NB. Applications in this category will only be considered if they demonstrate that there is a specific connection between the child's needs and All Saints' School and that difficulties would be caused if the child had to attend another school.
- c. Children whose sibling(s) attend(s) the school at the closing date for applications.
- d. Children living within 2 kilometres or 1.243 miles of the school (as defined in Section 6 - Tie-Break, below) with a parent who is a committed member of All Saints' Church. To be considered a committed member of All Saints' Church, parents need to aim to attend an act of worship in Church at least twice a month during the period of 12 months immediately prior to the closing date for applications, as recorded in the Church's attendance record (a minimum of 20 recorded instances of attendance). The onus is on prospective parents to ensure that their attendance at the Church is recorded in the parish's register of attendance at the end of the service. Parents who have moved into the area within this 12 month period will qualify if they can provide a letter from a minister confirming attendance at another Church covering the balance of the 12 months. In the event that during the period specified for attendance at worship the church has been closed for public worship and has not provided alternative premises for that worship, the requirements of these admissions arrangements in relation to attendance will only apply to the period when the church or alternative premises have been available for public worship. In these circumstances, the number of attendances required to meet this criterion will be calculated on a proportional basis.
- e. Children living within the parish of All Saints' Church, N20.
- f. Children living outside the parish of All Saints' Church, N20.

About our school

Alma Primary is an inclusive, state primary school, which welcomes children from across the Jewish community, as well as children from other faiths and none. Our small, one-form entry school aims to provide outstanding and stimulating educational opportunities for all children, including high quality Jewish learning. We nurture each child, ensuring they are given sufficient challenge and support to make the most of their learning opportunities.

Oversubscription criteria (summary)

The allocation of places will be split between Open places and Faith places.

Open places are allocated to children whose parents choose the school regardless of their faith. Parents applying for an Open place do so knowing that the school aims to provide a Jewish education and, therefore, the governing body expects that all pupils will take part in the Jewish aspects of the school's curriculum.

Faith places will be allocated to children of families who can demonstrate practice of an aspect of Judaism.

If there are more applications than the number of places available, places will be offered according to the following order of priority:

1. looked After Children (LAC) and Previously Looked After Children (PLAC), including Internationally Adopted Previously Looked After Children (IAPLAC)
2. children whose social or medical needs are needs that the school can reasonably meet and which are such that they cannot be met sufficiently at any other school

3. pupils whose siblings* have accepted a place or currently attend the school

4. children of members of staff.

Once places have been allocated to children under the criteria above, the remaining places will be divided equally between 'Open places' and 'Faith places'.

- a. 50% of the remaining places will be offered to the children living nearest to the front door of the school's site in Whetstone, of which one will be allocated to a child in receipt of Early Years Pupil Premium.
- b. the remaining 50% of places will be allocated to children through random allocation, open to children whose families fulfil the criteria for a faith place, as evidenced through the school's SIF. The random allocation will be carried out by an independent authority, agreed by the Children's Committee of the governing body.

* siblings are defined as including half, step, adoptive and foster siblings and twin or multiple births provided they live at the same address as the applicant, but not other children who also live at the same address who do not fall into one of these categories.

About our school

The Annunciation Catholic Infant School within the Diocese of Westminster was founded by the Catholic Church to provide education for children of Catholic families. As a Catholic school, we aim to provide a Catholic education for all our pupils.

At a Catholic school, Catholic doctrine and practice permeate every aspect of the school's activity. It is essential that the Catholic character of the school's education is fully supported by all families in the school. All applicants are therefore expected to give their full, unreserved and positive support for the aims and ethos of the school.

Within each of the categories listed above, the provisions below will be applied in the following order:

- i. the Governing Body will give top priority, within a category, to an application where compelling evidence is provided at the time of application, from an appropriate professional such as a doctor, priest or social worker, of an exceptional social, medical, pastoral or other need of the child, which can only be met at this school
- ii. the attendance of a brother/sister at the school at the time of enrolment will increase the priority of an application within a category, so that the application will be placed at the top of the category in which the application is made, after children in (i) above.

Where the offer of places to all the applicants in any of the sub categories listed above would still exceed the number of places available, the places up to the admission number will be offered to those living nearest to the school as measured in a straight line from the applicant’s home address point to the school address point using a computerised mapping system.

The measurement will be conducted by the Local Authority (LA). If two or more applications are received from the same block of flats, the applicant with the lower door number will be classed as nearest and offered a place because they are likely to be closer to the ground floor and, therefore, the school. In the event of distances being the same for two or more children where this would determine the last place to be allocated, random allocation will be carried out by the local authority’s computerised allocation system.

Where more applications are received than there are places available, the available places will be allocated in the following order of priority:

1. looked after and previously looked after children will be allocated places under this category by reference to the proximity of the child's home address to the School, with those living nearer receiving higher priority

A "looked after child" is a child who is in the care of the local authority, or is being provided with accommodation by a local authority in the exercise of its social services functions at the time of application. A "previously looked after child" is a child who was in public care, but ceased to be so because they were adopted or became subject to a child arrangements order or special guardianship order immediately after being in public care as well as those children who appear (to the Governing Committee) to have been in state care outside of England and ceased to be in state care as a result of being adopted. A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation, or any other provider of care whose sole or main purpose is to benefit society.

2. children who will have a sibling at Ashmole Primary School at the date of application will be allocated places under this category by reference to the proximity of the child's home address to the School, with those living nearer receiving higher priority

A "sibling" will include a full, half, step, adopted and foster brother or sister, as well as a child of a parent's partner with whom he or she has been cohabiting for a period of at least one year at the application deadline, and in all cases the sibling must be living at the child's home address and being brought up within the same core family unit as a sibling to the applicant child. For the avoidance of doubt, a child of a friend or extended family member (for example, a cousin) living at the same address as the applicant child will not be a "sibling".

3. children with a parent who has been employed by Ashmole Academy Trust Ltd for a period of at least two years at the application deadline, whether based at Ashmole Primary School or the Trust's secondary academy, Ashmole Academy, or who were recruited to fill a vacant post for which there was a demonstrable skill shortage, will be allocated places under this category by reference to the proximity of the child's home address to the School, with those living nearer receiving higher priority
4. children who do not fall into any of the categories above will be allocated places under this category by reference to the proximity of the child's home address (as defined by this policy) to the School, with those living nearer receiving higher priority.

The child's home address will be the address at which they live and sleep for more than 50% of their time from Monday to Friday during term time at the application deadline. It will usually be the address at which Child Benefit is claimed or, if ineligible, the address at which the child is registered with their G.P. and dentist. No other address (including a business address) will be accepted.

The distance between the child's home address (as defined by this policy) and the School will be measured in a straight line between the address point for the child's home, supplied by Ordnance Survey, to the school's main gate using the Council's computerised geographical information system.

About our school

Barnet Hill Academy is the only Islamic Faith School in the London Borough of Barnet and one of only a small number of Islamic Voluntary Aided schools in England.

At Barnet Hill Academy our aim is to develop each child's full potential spiritually, morally and academically and in so doing strive to deliver the highest standards of academic, character and spiritual education by means of a truly, values-based curriculum. We achieve this goal by preparing our pupils in becoming individuals of excellent character, exceptional behaviour and secure in academic and intellectual rigour. The Academy aims to achieve such high standards by warmly welcoming students of all backgrounds and as an inclusive, forward-thinking school with a tripartite vision focussed on:

- Faith, *Iman* - a means of safeguarding one's beliefs and Islam;
- Excellence, *Ihsan* - to strive to achieve one's best and;
- Knowledge, *Ilm* - attaining knowledge of worldly and spiritual domains.

In pursuing this vision our children strive to excel in both secular and Islamic education through a focus on high standards of academic success and the highest morals - tadhib, and principled manners - akhlaq.

We are always delighted to show prospective parents our school in action.

About our school

Childs Hill Primary has been a national leader in restorative approaches to behaviour management and school leadership for almost 10 years. The school has received recognition from the RJC (Restorative Justice Council) for its work and regularly hosts visits from British and international colleagues. Dedication to a community wide relationships policy has guided the school's work and shaped outcomes for pupils, parents and staff. As a result Childs Hill is a well respected school that ensures progress for all within a truly inclusive learning community.

Childs Hill joined the Elliot Foundation in 2020, federating with Claremont Primary at the same time. A strong partnership between two local schools has since developed, opening up many new and exciting opportunities. Under the leadership of the Executive Principle Dan Hawkins since 2012 Childs Hill is a popular, vibrant and welcoming school. It is proud of its innovative curriculum offer, which is as easy as ABC! Every child is supported in developing their Academic ME, Being ME and Creative ME including the pupils who attend the school's specialist ARP (Additional Resource Provision for autism). The ARP is known as Pathways and has recently been expanded to a second site within our federation partnership school Claremont.

Our federation aims to achieve a clear and simple goal. We teach all of our children to value their learning, to be proud of themselves and to empathise with others. We ensure they see the worth and transformative power of creativity. We invest in their future now.

About our school

Etz Chaim Jewish Primary School is a modern, Orthodox Jewish free school in Mill Hill London, that caters for children between the ages of 4-11 years old. The school opened in 2011 and now has approximately 215 children on role with a Reception intake of 28 children. The vast majority of pupils live in very close proximity to the school.

Our approach is founded on the belief that the curriculum should be child-centred, based on practical, hands-on, concrete experiences, so that each child can build his/her knowledge, skills, concepts and attitudes through understanding. We use a thematic topic based approach as a vehicle to teach all areas of the curriculum and develop basic skills.

Holy Trinity is a one form entry Church of England Primary School with a nursery.

The Governors hope that parents who have chosen this school for their child have done so knowing that it is a Church of England school with a distinctive Christian ethos. Governors welcome applications from those of all faiths and no faith who will give their full support to the ethos of the school.

Governors hope that all children will attend the acts of collective worship and will take part in the religious education curriculum offered by the school. This does not in any way remove the right that parents have to request that their children be withdrawn from these activities.

Education Health and Care Plans and Statements of Special Educational Needs

Families of children who have an Education, Health and Care Plan (EHC) or Statement of Special Educational Needs, naming Holy Trinity School, will be admitted.

ADMISSIONS INTO RECEPTION

The Local Authority co-ordinates applications for reception places. Parents should complete the Common Application Form for the local authority area in which they live. The reception admission limit at Holy Trinity is 30. If there are fewer than 30 applications, all applicants will be offered a place.

About our school

The Hyde is a friendly and inclusive community school and part of the Elliot Foundation Academy Trust. In May 2015 we were judged by OFSTED to be “outstanding” in every area. Our children love learning and are rightly proud of their achievements. We seek to develop confident and articulate learners in every aspect of school life. In 2014 we won the Speakers School Council Award and in 2019 we were appointed a ‘Flagship School’ for our work around inclusion.

Our academic results reflect the fantastic progress our children make as they achieve above the national average. We have an innovative and exciting curriculum which is enhanced by our Urban Adventure, which offers children extension and enrichment activities. There is a strong emphasis on practical experience and first hand learning, which inspires our children and supports them to succeed.

The school is situated in a modern and spacious building with great facilities including a well used and stocked library and fantastic outdoor space. We provide a wide range of opportunities for children both within the core curriculum and in other ways, such as through school council, sporting activities, and through art and music.

The IJDS community needs to be unified around the principles of a kodesh programme delivered in Ivrit, support Torah values, observe Jewish laws including Shabbat, Kashrut, Tzniyut as well as Ahavat Yisroel and Ahavat Am Yisroel and show a commitment to a Modern Orthodox Jewish way of life which will be demonstrated by the SIF.

The facilities available and breadth of the curriculum widen as children progress through the primary, with future students in Years 5 and 6 having access to specialist teachers from secondary supporting them in the sciences and the arts.

“Pupils in key stage 1 build well on the early reading skills taught very effectively in the Reception Year.”
Ofsted 2018

“The curriculum is imaginative and responsive to the needs and aspirations of all pupils” Ofsted 2018

As an ‘all-through’ school children have the benefit of a seamless transition into the secondary school with existing knowledge of the site, the students and some of their teachers.

“Teaching is strong across the all-through school...”
Ofsted 2018

We have a caring ethos. Our teachers get to understand the individual needs of each child and adapt their teaching style accordingly. Our aims run through every part of the school day. These are:

- to provide a happy, safe and caring environment in which everyone can achieve their full potential
- to promote high standards of achievement both in work and in behaviour
- to deliver an exciting and vibrant curriculum in a challenging way
- to enrich the curriculum with extra-curricular activities, visits and school journeys

- to encourage each child to develop high self-esteem and, in doing so, learn to respect others
- to share with parents and families the responsibility for developing children educationally, morally, spiritually and socially.

“Pupils’ spiritual, moral, social and cultural development is fully integrated into all aspects of school life.” Ofsted 2018

About our school

Pardes House Primary School is an orthodox Jewish School for boys, founded in 1954. The great majority of pupils are from Golders Green and surrounding areas, although some come from further away. The religious affiliation of the school is strictly orthodox. Many of the pupils leaving the school go on to the adjoining independent grammar school.

There are several distinctive features of the school, which contribute to its special nature and reflect the values of Orthodox Judaism. A sizeable proportion of the timetable is devoted to Limmudei Kodesh, which is integrated into an elongated school day.

1. children who are 'looked after' and children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been 'looked after'. A child looked after is a child in the care of a local authority or provided with accommodation by that authority in accordance with Section 22 of the Children Act 1989. An adopted child is defined by section 46 of the Adoption and Children Act 2002. A residence order is defined by section 8 of the Children Act 1989. A special guardianship order is defined by section 14A of the Children Act 1989
2. other children who have an exceptional medical, social or other need that the school is particularly able to meet. Applications in this category will be considered only if they are supported by an attached written statement from a doctor, social worker or other appropriate professional. Parents must demonstrate that there is a very specific connection between the child's need and the particular school. Difficulties with child care arrangements because of work or other commitments would not be grounds for priority under this category. Information not provided at the time the application is submitted may not be considered at a later date

4. children of staff, where the member of staff has been employed by the Academy for 2 or more years at the time of application, or the member of staff was recruited to fill a vacant post for which there is a demonstrable skill shortage
5. children living within the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line
6. children living outside the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line.

Distances are measured from the address point for the child's home, supplied by Ordnance Survey, to the school's main gate. The distance between these points is calculated using the Council's computerised geographical information system.

If there are more applications than the number of places available, places will be offered according to the following order of priority:

1. 'looked after' or previously 'looked after' children.
A 'looked after' child is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school. Previously 'looked after' children are children who were looked after, but ceased to be so because they were adopted or became subject to a child arrangements or special guardianship order
2. children whose social or medical needs are such that they cannot be reasonably met at another school (parents must produce supporting evidence from a doctor, social worker, or educational welfare officer, and this is required no later than the closing date for applications)

6. applicants who meet the criteria for Faith Places (up to 50% of the remaining places).

This is measured using Barnet's computerised geographical information system with those living closer to the school receiving higher priority.

Faith based places:

The criteria against which Faith Places will be allocated in the following order of priority are:

1. children whose parent/carer has attended 30 Shabbat (Saturday) services at Golders Green Synagogue throughout the year and 1 weekday service (Sunday-Friday including Friday evening) per month at Golders Green Synagogue throughout the year

“This is an outstanding school. Pupils flourish in all aspects of their academic achievement. The school’s thoughtful and wide-ranging promotion of pupils’ spiritual, moral, social and cultural development ensures that they mature into responsible, caring members of the school and the wider community. Achievement is outstanding. When they join the Early Years Foundation Stage, pupils make rapid progress and this is sustained as they move through the school. Consequently, by the time they leave Year 6, almost all groups of pupils achieve standards that are significantly above those of their peers nationally.” Ofsted Feb 2012

At St Mary's and St John's school, a Church of England Foundation, we believe that '...with God, all things are possible'. Our vision is drawn from Matthew's gospel which proclaims the Kingdom of God. Jesus teaches his disciples about choice, commitment and Christian hope for transformational change.

A fundamental component of our lives at SMSJ is a confident reassurance that all things are possible. We believe that healing, repair, repentance, forgiveness and reconciliation are always possible. We embrace innovation and transformation with the conviction that with Christ, every day, every task, every situation, every relationship brims with divine possibility. God is always at work in our lives.

SMSJ exists to enhance the future life chances and opportunities of our students, whatever their faith or starting point, by providing a centre of educational excellence at the heart of our community.

Through hard work, resilience, perseverance and a commitment to our learning, we will create a hope-filled future. Our children will be equipped with the ambition, qualities, qualifications and values necessary to meet the challenges of an ever-changing world

We demand and achieve high standards in all areas of school life within a disciplined, secure, caring and stimulating environment. We value and praise the successes of our students and staff. The school is held in high esteem by the local community and, as a consequence, is very popular and heavily oversubscribed. Alongside academic excellence we place a strong emphasis on impeccable manners, articulacy, and excellent behaviour, smartness of appearance, hard work and kindness.

Our core Christian values; Wisdom, Service and Hope, define us, strengthen relationships with our parents and children, and provide guiding principles that enable us live out our vision.

About our school

The responsibility for admission to the school rests with the Governors. The admissions arrangements are written in reference to the 2014 Admissions Code. The published admission number (pan) for the school is 30 children. If the school receives more applications than it has places to offer, it will not be possible to accept all the children applying. Places are offered on a full time basis from the September following the child's fourth birthday.

The admission of a child that has an EHC (Education, Health and Care) Plan is considered under a separate process and the school will be consulted separately about its ability to meet the child's particular needs. About our school

Watling Park School is part of the Bellevue Place Education Trust family of schools.

At Watling Park, we provide an education that ensures that each child gains confidence and achieves success through high quality, creative educational experiences, enhanced by rich learning experiences beyond the classroom with an emphasis on core learning and technology.

We encourage our children to 'have a voice', to express their opinions intelligently and articulately, whilst celebrating and respecting the views and values of others from varied and diverse backgrounds. We use every opportunity to develop children's own interests and in doing so, we foster a desire for independent and lifelong learning.

We want our children to experience a love of learning with high expectations and standards for all. Our aim is to support and challenge each and every child, as we guide them to be the best they can be in every area of school life.

Our values of Integrity, Confidence, Appreciation, Responsibility and Excellence (ICARE) are at the heart of everything we do and are demonstrated within our calm, purposeful and supportive community. Our children develop into responsible and responsive members of the local, national and international communities we serve.

If there are more applications than the number of places available, places will be offered according to the following order of priority:

1. 'looked after' children and previously 'looked after' children. This category includes children in the care of the local authority as defined in the Children Act 1989 or children who have previously been 'looked after' and immediately after being 'looked after' became subject to adoption, child arrangements order or a special guardianship order. Applications made under this criterion must be accompanied by details of circumstance and professionally supported evidence
2. children with a sibling at the school at the time of admission
3. children of staff at the school
4. proximity to the school as measured by the straight line distance from the pupil's home, to the main entrance point of the school using a GIS computerised mapping system.

In the event that two or more children live at the same distance from the school, the tie breaker will be random allocation, where the supervised drawing of lots by an independent responsible person of good standing will be used to decide which child(ren) will be allocated the remaining place(s).

About our school

Wren Academy is an all through school sponsored by the London Diocesan Board for Schools (LDBS) and Berkhamsted School. Wren is an academy founded on Christian principles, which is both a community school meeting needs of local residents and which serves the children of the Christian community in Finchley. Our Christian ethos means that we place an emphasis on spiritual development as well as academic, social and personal development. It does not mean that all our students come from a Christian background. Indeed, we welcome applications from people from many different backgrounds and faith traditions. We do however expect that everyone who comes to Wren Academy will be fully supportive of the school as a Christian foundation.

Therefore, the admissions policy of the school seeks a balance between those who come from a Christian background and those who come from other faith backgrounds or no faith background. This is in line with our aim to be a distinctive school, but also an inclusive school.

If there are more applications than the number of places available, places will be offered according to the following order of priority:

1. 'looked after' children and children who were previously 'looked after' but immediately after being 'looked after' became subject to adoption, a child arrangements order, or special guardianship order¹
2. priority will next be given to children based on their exceptional medical need or those of their parents/carers. Each application must include: recent written evidence, from a medical consultant responsible for the treatment of the child's or their parent's/carer's need which evidences and fully explains the medical need in question; why they must attend this school rather than any other as a result of the medical need in question which could not potentially be met by one or more other schools in the borough if the child were to attend another such school; and the application is supported by a written explanation of the difficulties that the child would suffer if he or she did not attend

the Wren Academy Finchley in particular. If evidence is not submitted to the LA with the application, a child's or their parent's/carer's medical or social needs cannot be considered. The Governors will retain an absolute discretion whether to allow any particular application under this criteria and will be entitled to take any factors which they consider appropriate into consideration including whether the school has the facilities and resources at the relevant time to accept the child and the impact of the admission on other students

3. priority will next be given to the siblings of pupils attending the school at the time the application is received. Where an older sibling is in Year 13, siblings will not be prioritised under this criterion
4. priority will next be given to the children of staff members who have been employed on a permanent contract for a period of two years or more at the time at which the application is made

The remaining places will be allocated equally between Foundation and Community applicants as follows:

- 5a. faith places (up to a maximum of 30) allocated in the following order.
 - i. 60% for applicants attending Church of England churches (up to 18 places)
 - ii. 40% for applicants attending a church of another Christian denomination in fellowship with the Church of England (up to 12 places)
- 5b. community places (up to a maximum of 30) for all other children

Where there are places available in categories above, these will be filled from the other category. If in categories 2-4 above a tie-break is necessary to determine which child is admitted, the child living closest to the school will be given priority for admission. In the event of equal distance, random allocation will be applied. Distance is measured from the child's home address to the front gates of the school in a straight line.

Faith applicants should also submit a SIF to the school by 15 January 2023.

¹ A looked after child is a child who is (a) in the care of a local authority or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989).

Keywords

This section explains some of the terms used in this booklet. These definitions apply except where individual schools define the terms in their admission arrangements.

Admission limit is the number of school places that is available in each year group.

Admissions criteria are the rules set by either the council or the governing bodies and are used to decide whether or not a place can be offered to a child.

‘Looked after’ children are those being cared for by a local authority or provided with accommodation by that authority in accordance with Section 22 of the Children Act 1989. This Act only applies to England and Wales, which means that a child has to be looked after by an English or Welsh local authority in order to be given priority for admission.

Previously ‘looked after’ children are those who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been ‘looked after’ including those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.

A child is regarded as having been in state care outside of England if they were in the care of or were accommodated by a public authority, a religious organisation, or any other provider of care whose sole or main purpose is to benefit society.

This includes children who were adopted under the Adoption Act 1976 (see Section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (Section 46 adoption orders).

Child arrangements orders are defined in Section 8 of the Children Act 1989, as amended by Section 12 of the Children and Families Act 2014.

Child arrangements orders replace residence orders and any residence order in force prior to 22 April 2014 is deemed to be a child arrangements order.

See Section 14A of the Children Act 1989 which defines a ‘special guardianship order’ as an order appointing one or more individuals to be a child’s special guardian (or special guardians).

Parent is the term used to refer to anyone who has parental responsibility for and care of a child in accordance with the Children Act 1989.

Sibling refers to a brother or sister, half brother or sister, step brother or sister, adopted brother or sister and foster brother or sister living in the same family unit at the same address.

Education, Health and Care Plan (EHCP)

is the document setting out the educational provision that will be made for a child with special educational needs, as well their health and social care needs. The EHCP replaces the Statement of Special Educational Needs under The Children and Families Act 2014. Parents are given a copy of the EHCP and will be involved in the review process.

Supplementary Information Form (SIF)

is the name of the form you may have to complete to be considered for faith schools or selective schools. The school pages of this booklet tell you if a SIF is required. The form can be obtained from the relevant school and should be returned to that school.

Further information

Nursery admissions

Children can start nursery classes in a primary school, or one of the nursery schools, in the school term after they reach their third birthday.

The four nursery schools in Barnet are:

- Brookhill Road Nursery
- Hampden Way Nursery
- Moss Hall Nursery
- St Margaret's Nursery.

The age children can start depends on how many places are available. Most nursery places are for half a day, either morning or afternoon. There is no central admissions process for nursery classes. For further information regarding nursery classes and pre-school provision you can contact FYi – Families and Young People's Information Service **0800 389 8312** or visit www.barnet.gov.uk/childcare.

Admission outside a child's normal age group

The Council believes that children should be educated within their correct chronological year group, with the curriculum differentiated as necessary to meet the needs of individual children, and that they should only be placed outside their normal age group in very limited circumstances. However, parents may request out-of-year admission, for example if the child is gifted and talented or has experienced problems such as ill health.

If you would like to request that your child is educated outside their normal age group, you must complete an application for the correct year group in the normal way and in addition complete a 'Request for Out-of-Year Admission' form.

The 'Request for Out-of-Year Admission' form should be submitted together with supporting evidence that demonstrates why it would be in the child's best interests to be educated out-of-year.

Offers of places in a child's correct chronological year group cannot be held until the following academic year, so if out-of-year admission is agreed, you will need to apply for a place in the following year.

Summer-born children

We are aware that some parents of summer-born children (those born between 1st April and 31 August 2019) may not want their child to start school until the September 2024. However, at this point they will have missed a year of school and will join a year group that is moving from Reception to Year 1.

If parents wish to apply for their summer-born child to join the Reception class, instead of Year 1, in September 2023, they must submit a 'Request for Out-of-Year Admission' form as above. This does not apply to children born in the Autumn and Spring as these children must legally be attending school full-time in the term that starts after their fifth birthday.

To apply for an out-of-year place

1. You must submit an application for the normal year group for your child's age whilst the request is being considered.
2. You must complete a 'Request for Out-of-Year Admission' form and submit any supporting evidence.
3. For delayed entry to Reception, the request must be submitted before **15 January 2023**
4. Each request will be carefully considered and a decision will be made on the merits of the individual case. This will include taking account of your views, information about your child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely.
5. If a request to delay your child's start in Reception by a year is approved, you will be advised to re-apply in the following year and provide a copy of the decision. However, there can be no guarantee of a place being available at the school, as this is dependent on the number of applicants that year.

Please note:

- for Barnet community primary schools, requests will be considered by the local authority's Deferred Entry Panel
- for all other primary schools, the request will be considered by the individual school
- there is no statutory right of appeal if your request is not agreed.

In-Year Admissions

If you wish to apply for a place at a Barnet primary school during the school year because you have just moved into the area, or your child wishes to transfer from one primary school to another, please visit our website for further information and the link to the In-Year admission application form:

www.barnet.gov.uk/schooladmissions

If you are applying for a school outside Barnet, please contact the local authority where the school is situated for information about their application procedure.

If a community school is oversubscribed, the following criteria will be applied, in order, to allocate places:

1. 'Looked after children' and children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been 'looked after' as well as those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.
2. Children without a school place who the Director of Education and Skills accepts have an exceptional need which the school is particularly able to meet. Applications in this category must be supported by a current letter from a doctor, social worker or other appropriate professional which names the school. Parents must demonstrate that there is a very specific connection between the child's need and the particular school. Information not provided at the time the application is submitted may not be considered at a later date
3. Children without a school place who live within the school's associated geographical area and will have a sibling at the school at the time of admission
4. Children without a school place who live outside the school's associated geographical area and will have a sibling at the school at the time of admission
5. Children of teaching staff of the school where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made and will be in employment as a teacher when the child starts school
6. Children who live within the school's associated geographical area and who are without a school place because they have moved
7. Children without a school place who live within the school's associated geographical area*, who are a former pupil of the school and who have attended the school in the 12 months prior to the date of the application
8. Other children without a school place who live within the school's associated geographical area
9. Other children who will have a sibling in the school at the time of admission
10. Other children who live within the school's associated geographical area
11. Remaining places are offered to children living outside the individual school's defined area, giving priority to those living closest to the school when distance is measured in a straight line.

Waiting Lists

Waiting lists for Barnet primary schools are closed at the end of each academic year. If you want your child to remain on waiting lists for the 2023/24 academic year you will need to submit a new In-Year application in July 2023.

Fair Access Protocol

All local authorities have a 'Fair Access Protocol' to ensure that children without a school place, especially the most vulnerable and those with challenging behaviour, are offered places at suitable schools as quickly as possible.

School places are offered in a way that ensures that children are shared between schools and no individual school takes a disproportionate number of children under the protocol.

Transfer to Junior School

There are 6 infant schools in Barnet that have a separate junior school.

These are:

- The Annunciation Catholic Infant School
- Brookland Infant School
- Deansbrook Infant School
- Garden Suburb Infant School
- Moss Hall Infant School
- Queenswell Infant School.

Although almost all pupils will transfer from Year 2 of the infant school to Year 3 of the linked junior school, parents must submit an application for a junior school place. You must do this online at www.eadmissions.org.uk.

The closing date for applications is **15 January 2023**. The outcome of applications will be emailed to you on **17 April 2023**. Applicants who are not offered their first preference school on 17 April 2023 will be informed what happens next.

If a community school is oversubscribed, the following criteria will be applied, in order, to allocate places:

1. 'looked after' children and children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been 'looked after' as well as those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.
2. Children who, when the applications are processed, attend the linked infant school
3. Children whom the Director of Education and Skills accepts have an exceptional medical, social or exceptional need that the school is particularly able to meet. Applications in this category must be supported by a current letter from a doctor, social worker or other appropriate professional which names the school. Parents must demonstrate that there is a very specific connection between the child's need and the particular school. Information not provided at the time the application is submitted may not be considered at a later date

4. Children who live within the individual school's defined area and who are without a school place because they have moved
5. Children who, at the time of admission, have a sibling living at the same address who already attends the school, or the linked school in the case of separate infant and junior schools. Siblings would include half, step, adoptive and foster siblings provided they also live at the same address as the applicant
6. Children of teaching staff of the school where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made and will be in employment as a teacher at the school when the child starts school
7. Children living within the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line
8. Children living outside the individual school's defined area, with priority given to those living closest to the school when measuring distance in a straight line.

Travel costs

Help towards travel costs is rarely considered necessary for pupils at primary school because:

- there will be a suitable school within 2 miles distance of the pupil's home
- children of primary school age can travel free on buses in the greater London area.

Home-to-school travel arrangements can, however, have a big impact on low-income families, particularly those with several children. Parents whose children are entitled to free school meals or who are in receipt of their maximum level of Working Tax Credit may apply for help with travel costs. Barnet's Home-to-School Transport Policy is available from the Admissions Team.

School uniform

- School uniform plays a valuable role in contributing to the ethos of a school. While schools are encouraged to consider the introduction of uniforms, they are also expected to help limit their expense. Parents on low incomes should not feel that the cost of a uniform means that they cannot apply for their school of preference.
- Families having difficulty providing regulation school uniform should discuss this with their child's school. There is no grant available from the local authority.

Contributions to school funds and school trips

There is no charge or cost related to the admission of a child to a school. While parents from low-income families may feel concerned about the level of voluntary contributions that schools request, this should not deter them from expressing a preference for a school. Parents are assured that, if they choose not to make voluntary contributions, their child will not be disadvantaged.

School Meals

Hot meals are available at midday in most schools. There is a choice of menus and vegetarian meals are offered daily. The cost of the meal is decided by the council.

Free school meals

All children in Reception, Year 1 and Year 2 automatically get free school meals.

From Year 3 onwards, your child will be eligible for free school meals if you are receiving any of the following:

- Income Support
- Income-Based Job Seekers Allowance (IBJSA)
- an income-related Employment and Support Allowance
- support under Part VI of the Immigration and Asylum Act 1999
- Child Tax Credit (provided you are not also entitled to Working Tax Credit), and have an annual gross income of no more than £16,190
- Working Tax Credit run-on, paid for 4 weeks after you stop qualifying for Working Tax Credit
- Universal Credit (your household income must be less than £7,400 a year, after tax and not including any benefits you get).

Please note: any family that receives Working Tax Credit is not entitled to free school meals for their children whatever the level of income.

If you receive benefits your child's school is entitled to important additional funding called the 'Pupil Premium'. Schools can use the extra money for a range of activities that can help to raise the attainment of disadvantaged children from Reception to Year 6.

All schools provide facilities for children who prefer to have packed lunches brought from home. Free school milk is available for all pupils in nursery and Reception classes.

School attendance

By law, all children of statutory school age, 5 – 16 must receive full-time education. Parents are responsible for ensuring that this happens either by registering their child at a school or by making other arrangements which provide suitable education.

The Local Authority has a team of Education Welfare Officers funded by almost all primary schools. Education Welfare Officers carry out duties to enforce school attendance and provide advice and support to parents and schools. Parents seeking advice on school attendance should contact the Local Authority, stating where their child attends school.

The best way to contact the Education Welfare Team is via e-mail ewt@barnet.gov.uk There is also a telephone number **020 8359 7684**.

Home schooling

If decide you want to educate your child at home instead of sending them to school you should register with the Council. You can find out more about home schooling at www.barnet.gov.uk or by contacting the Inclusive Education Team on **020 8359 7691**.

Travelling to school

When choosing a new school it is good to also consider how your child will travel to school.

Each school has a School Travel Plan (STP) which explains what the school is doing to encourage pupils and their families to travel more sustainably, such as walking, cycling and using public transport.

You can ask to see a copy of the school's travel plan or you may find it on the school's website.

To find out more, email: schooltravelplans@barnet.gov.uk or tel: **020 8359 7603**

Walking

It is recommended that adults and children take 10,000 steps a day. Walking to school can contribute to this as well as allowing them to develop road safety skills and a chance to talk and socialise with families and friends. For directions and a map showing how to walk to any location go to <http://walkit.com>

Walking bus

Some schools run a walking bus where adults supervise groups of children as they walk along a set route.

Public transport

Under-11s can travel free on buses at all times and on the tube when accompanied by an adult. 11 – 15 year olds can travel free on buses at all times but need an 11 – 15 Oyster photocard called Zip. Further details can be found on the Transport for London website www.tfl.gov.uk as well as a travel planner that can help you to plan your route to school.

Cycling and scootering

Contact the school to find out if they encourage cycling or scootering and whether there is cycle and scooter storage available. The school may have a cycling and/or scootering policy explaining rules for students who wish to cycle or scooter.

You could also ask the school if they will be organising any cycle training for pupils and /or their families. If they are not, email: cycling@barnet.gov.uk or call **020 8359 4972** for advice on receiving cycle training as well as information about local led rides and other cycling activities.

Before a child can cycle on local residential single lane roads with simple junctions with no traffic lights, they should have completed a Level 2 Bikeability course.

If you have to drive your child to school perhaps you could car-share or park and stride.

Car-sharing

Some schools coordinate car-sharing lists so you could enquire if the school can help you to find another family to car-share with. Information about appropriate car seats for children and how to fit them can be found at: <http://think.direct.gov.uk>

Park and stride

Many schools have identified possible park and stride locations where parents/carers can park their cars and walk the final part.

Walk on Wednesdays (WoW)

Some schools reward children who walk, cycle, use public transport or park and stride at least once a week with WoW badges or in other ways. These schools often have a walking zone map showing where children who usually come by car should walk from to qualify for a reward.

Sustainable Modes of Travel Strategy (for children and young people)

The Council has a legal duty under the Education and Inspections Act (2006) to promote sustainable travel.

The Sustainable Modes of Travel Strategy (for Children and Young People) can be found at: www.barnet.gov.uk/schools-and-education/school-meals-travel-and-benefits/school-travel-and-transport/sustainable
