# What is People Bank?

“Making an impact on Barnet Council can be quite difficult, but today I feel that I have made an impact. It’s great to see you are interested in improving the service for the people that use it.”

People Bank member

People Bank are a group of people like you who know what it’s like to use adult social care and health services. With your help and ideas we can improve areas of health and social care that are important to you.

People Bank members work together with the Council and health services to make this happen. You can get involved as much or as little as you want.

## Joining People Bank means you will get:

- a regular newsletter telling you about ways to have your say
- invitations to the Annual Summit to help decide what areas are most important over the next year
- opportunity to represent the community on our Involvement Board
- opportunities to join working groups and make a change on topics that are most important to you.
