

Barnet Draft Local Plan
Publication Stage Representations Form

Ref:

(For official use only)

PART B - Your representation

Please complete a separate Part B for each representation and return along with a single completed Part A.

Question 1: To which part of the Local Plan does your representation relate?

Representations must be made on a specific policy or part of the Plan, please state the policy number, paragraph number, figure/table or Policies Map designation.

Policy ECC01 Paragraph Figure/Table

Policies Map designation

Question 2: Do you consider that this part of the Local Plan is:

Tick all that apply, please refer to the guidance note for an explanation of these terms.

- | | | |
|--|------------------------------|--|
| a) Legally compliant | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| b) Sound | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| c) Compliant with the Duty to Co-operate | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |

Question 3: Please give details of why you consider this part of the Local Plan is not legally compliant, is unsound, or fails to comply with the duty to co-operate.

Please be as precise as possible. If you wish to support the legal compliance or soundness of the Plan, or its compliance with the duty to co-operate, please also use this box to set out your comments.

The Plan describes a biodiversity metric which purports to assess an area’s value to wildlife, helps to determine the impact of local development and therefore informs planning applications. The information on which this is based includes the conditions of each habitat parcel. While this does include air and noise pollution (p. 204), it does not and **MUST** include light pollution which has a well-documented impact on human and environmental health. “Given the current urgent need to save energy as our planet warms, and the evidence that waste light is a contributory factor to the rapid decline in biodiversity
www.sciencedaily.com/releases/2018/06/180619122456.htm
 , we should be urging all administrations, both local and national, to save energy and reverse biodiversity decline by tackling waste light.”
 (Chapter 3, https://britastro.org/dark-skies/pdfs/CfDS_booklet_Rev07.pdf).

Indeed the London Environment Strategy [LES] states (p. 134) : “Urbanisation can also have indirect impacts such, as: ... noise and light pollution affecting the ability of wildlife to breed or feed successfully; and exacerbating changes to the urban climate caused by climate change.”

https://www.london.gov.uk/sites/default/files/london_environment_strategy.pdf).

Continue on a separate sheet if necessary

Question 4: Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect to the matters you have identified in Question 3 above. Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Plan needs to include a specific table on Light quality and installation requirements. These requirements must apply to all Minor, Major and Large Scale developments and include all exterior public, commercial and domestic lighting. Exterior lighting must conform to the following :

Institution of Lighting Professionals Guidance Note 1 for the reduction of obtrusive lighting 2021:
<https://theilp.org.uk/publication/guidance-note-1-for-the-reduction-of-obtrusive-light-2021/>

Institution of Lighting Professionals Guidance Note 8 Bats and Artificial Lighting
<https://theilp.org.uk/publication/guidance-note-8-bats-and-artificial-lighting/>

Commission for Dark Skies (a section of the British Astronomical Association) Lighting Guidelines:
https://www.britastro.org/dark-skies/pdfs/CfDS1703_E5_Good_Lighting_Guide.pdf

These measures are all easy to adopt and will offer immediate and better protection of the bio-environment and health.

Continue on a separate sheet if necessary

Please note:

In your representation you should summarise succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues they identify for examination.

Question 5: If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing sessions?

Yes, I wish to participate in hearing session(s)

No, I do not wish to participate in hearing session(s) but

I am seeking modification to the Plan

Question 6: If you wish to participate at the examination hearings, please outline why you consider this to be necessary.

Please note that the inspector will make the final decision as to who is necessary to participate in hearing sessions, and to which hearing session(s) they should attend, and they will determine the most appropriate procedure to adopt to hear those who wish to participate at the examination hearings.
