As the Design Out Crime Officer (DOCO) for Barnet and on behalf of the Metropolitan Police Service (MPS) and Secured by Design (SBD), I fully commend and support the local planning authority for the inclusion of Secured by Design as a condition to any planning consents. This is with particular reference to policies CDH01 and CHW03 amongst other SBD references within the draft Local Plan. By helping to deliver Secured by Design in Barnet, it can greatly enhance the safety and security of those using or residing within a development and the wider environs of the local community, by using proven crime prevention measures at design, planning stage, through to construction and eventual completion. The scheme is free of charge whereby impartial advice and recommendations is provided for applicants and all those involved within the planning process, to help ensure that a safe and secure environment can be designed and constructed for Barnet and the wider community, by helping to remove crime and the fear of crime. From Secured by Design guidance (Homes 2019), 'the environmental benefits of SBD are supported by independent academic research consistently proving that SBD housing developments experience up to 87% less burglary, 25% less vehicle crime and 25% less criminal damage. It also has a significant impact on anti-social behaviour'. With SBD guidance also available for commercial developments, educational establishments and so on, it is possible to apply crime prevention guidance throughout the planning stage and beyond for a whole range of different types of development to help make Barnet a safer place. These policies are fully supported.
