Please be as precise as possible. If you wish to support the legal compliance or soundness of the Plan, or its compliance with the duty to co-operate, please also use this box to set out your comments.

The Local Plan is not sound because it does not follow London and national guidance:

- London Plan (March 2021) Policy G6 B(4) states: *"Boroughs, in developing Development Plans, should: seek opportunities to create other habitats, or features such as artificial nest sites, that are of particular relevance and benefit in an urban context"* (page 325).
- NPPG Natural Environment Paragraph 023 states: *"How can biodiversity net gain be achieved? Relatively small features can often achieve important benefits for wildlife, such as incorporating 'swift bricks' and bat boxes in developments and providing safe routes for hedgehogs between different areas of habitat"*

Question 4: Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect to the matters you have identified in Question 3 above.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Add to Policy ECC06 to follow London and national guidance:

- Developers should seek opportunities to create other habitats, or features such as artificial nest sites, that are of particular relevance and benefit in an urban context. Relatively small features can often achieve important benefits for wildlife, such as incorporating 'swift bricks' and bat boxes in developments and providing safe routes for hedgehogs between different areas of habitat. Provision of these features should follow best practice guidance.
