Question 3: Please give details of why you consider this part of the Local Plan is not legally compliant, is unsound, or fails to comply with the duty to co-operate.

Please be as precise as possible. If you wish to support the legal compliance or soundness of the Plan, or its compliance with the duty to co-operate, please also use this box to set out your comments.

While one reason stated for its inclusion are the proximity to local transport and shops, the objection I have is due to the potential for increased air pollution caused by traffic congestion.

Barnet council owes residents a duty of care. Road transport already accounts for a significant portion of air pollution in cities and towns. As residents, under the Human Rights Act 1998, we have an inalienable right to life by being able to breathe clean air.

This plan will invariably lead to more cars, more traffic, more congestion, and more pollution. This in turn will equate to poorer air-quality that risk the health of all nearby residents (especially children, and elderly residents, of which there are a number in Langley Park).

During certain times of day, Mill Hill Broadway and its surrounds are packed with cars and traffic. In fact, the meeting of Hale Lane, Bunns Lane and Mill Hill Broadway are already a significant bottleneck at rush hour. This causes significant tail backs and pollution through idling cars.

Moreover, given the councils commitment for environmental sustainability – and given the current congestion around Mill Hill Broadway and Mill Hill Broadway station – the addition of 43 houses and a hotel, will only exacerbate this issue of pollution. This plan as it stands will lower quality of life for residents and potentially put their health at risk. And I object to it.

Question 4: Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect to the matters you have identified in Question 3 above. *Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.*

My recommendation to the council would be to separately, or in whole, relocate the 43 houses and hotel planned for Site 33 (Bunns Lane) to other sites on the plan where there will less impact caused by additional traffic pollution. For example: site 67.

Please note:

In your representation you should summarise succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues they identify for examination.

Question 5: If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing sessions?

Yes, I wish to participate in hearing session(s)

No, I do not wish to participate in hearing session(s)

Question 6: If you wish to participate at the examination hearings, please outline why you consider this to be necessary.

Please note that the inspector will make the final decision as to who is necessary to participate in hearing sessions, and to which hearing session(s) they should attend, and they will determine the most appropriate procedure to adopt to hear those who wish to participate at the examination hearings.
